DALLAS, TX
3 October 2011

The NUNCHUK® Precision Shaft kicked off the PGA Tour's Fall Series with three more Top-5 finishes at the Justin Timberlake Shriners Hospitals for Children Open. For 2011, the NUNCHUK® has now carded 12 Top 5 finishes on the PGA Tour, including wins at the Bob Hope Classic and The Heritage.

One of the players that finished tied for 3rd place and two of the players that tied for 5th place had NUNCHUKs® in their bags. Overall, eight players put NUNCHUKs® in play during the tournament, with a total of 11 NUNCHUK® shafts in play.

"PGA Tour players continue to see positive results when they've got a NUNCHUK® shaft in play," said Arnie Cunningham, the NUNCHUK® PGA Tour rep. "With three players finishing in the Top 5, NUNCHUK® was one of the big winners in Vegas last weekend."

"NUNCHUK® shafts are helping professional golfers on the PGA Tour, Champions Tour and the Nationwide Tour to score big wins and strong finishes," said Mike McCall, CEO of nVentix® Golf. "At the same time, the NUNCHUK's® patent-pending design also helps golfers of all abilities around the world bring a new level of consistency and fun back to their golf game." The revolutionary technology in the NUNCHUK's® design allows the exact same shaft to be used by professionals and amateurs, men and women, juniors and seniors in their drivers, fairway woods and hybrids. "When you've got a NUNCHUK® in your bag, you're playing what the pros play," McCall added.

The NUNCHUK's® unique Tri-Zonal Stability™ technology enables golfers of all abilities to more consistently deliver LONG & ACCURATE driver, fairway wood and hybrid shots. Golfers of all ages and swing speeds who play the NUNCHUK® will see their shot dispersion narrow AND their spin rate reduced – thus increasing both accuracy and distance.
