DALLAS, TX
25 April 2011

The NUNCHUK® Precision Shaft collected its second win on the 2011 PGA Tour with a come-from-behind playoff victory at The Heritage. The winner added to his recent string of strong performances with T15 and 4th place finishes at The Masters and the Valero Texas Open – all with a NUNCHUK® in his bag. With nine birdies on the way to a 7-under par 64 at the Harbour Town Golf Links, the winner stormed back from a six shot deficit to force a sudden death playoff, which he won on the third playoff hole.

The NUNCHUK® shaft was also in the bag of one of the players that finished T9 after carding nine birdies in the first round and starting the third round in the final pairing.

“With wins at The Heritage and the Bob Hope Classic, coupled with five other Top-10 finishes on the 2011 PGA Tour, the NUNCHUK® shaft has quickly lived up to its billing as the hottest new shaft on the PGA Tour,” said Bryan Nicholson, Certified PGA Professional and Chairman of the nVentix® Golf Advisory Board. “Professional golfers on the PGA, European, Champions and Nationwide Tours are experiencing the benefits of the NUNCHUK® Precision Shaft.”

“While the validation by professional golfers is important, we are equally excited that golfers around the world are seeing how the stability and consistency of the NUNCHUK® can help bring the fun back to their golf game,” said Mike McCall, nVentix® Golf CEO. The revolutionary technology in the NUNCHUK’s® design allows the exact same shaft to be used by professionals and amateurs, men and women, juniors and seniors in their drivers, fairway woods and hybrids. “When you’ve got a NUNCHUK® in your bag, you’re playing what the pros play,” McCall added.

The NUNCHUK's® unique Tri-Zonal Stability™ technology enables golfers of all abilities to more consistently deliver LONG & ACCURATE driver, fairway wood and hybrid shots. Golfers of all ages and swing speeds who play the NUNCHUK® will see their shot dispersion narrow AND their spin rate reduced – thus increasing both accuracy and distance.

About nVentix® Golf

nVentix® Golf is a private company based in Dallas, Texas. For more information on nVentix® Golf and the NUNCHUK® Precision Golf Shaft, visit their Web site at www.nventix.com. You can also follow what's new on Facebook.com – nVentix Golf – Nunchuk Precision Golf Shaft – and on Twitter – @nVentix.
